

Bring your design to life™

When you combine the
Best qualities of wood and vinyl,
It is truly special.

We make it easy to fall in love with siding.

Wood siding has always been about looks. Vinyl siding has always been about durability. Foundry brings the best of both together with our specialty siding shake, shingle and stone. The beauty of wood and the strength of vinyl that's easy to install. Easy to own. Easy to love.

Crafted from 72 molds cast from genuine cedar and stone, our siding has the look and feel of the real thing. With many color options and five unique siding profiles, Foundry makes it easy to create one-of-a-kind styles for residential or multi-family homes. No painting or staining. Foundry goes up easy and the factory colors stay rich and brilliant for decades with almost no maintenance.

Variety

With many standard and specialty colors and a range of distinctive profiles to choose from, you can match or complement almost any finish.

Versatility

Whether you're looking for bold accents or full wraparound application, Foundry can bring years of lasting beauty to any home.

Value

No painting. No staining. No rotting or fading. Foundry gives you unprecedented durability with an industry-best Class 1A fire rating.

Foundry Stone Collection

We're making it easier than ever to bring the unparalleled durability and bold, elegant appearance of stone to your home. The Foundry Stone Collection is cast from molds of real masonry and we add ceramic microspheres to create a subtle grittiness to stay true to the look and feel of real stone. It goes up easy and, unlike real stone or stone veneer, you can even install the moisture-resistant Foundry Stone all the way to ground level. This affordable alternative to stone comes in 5' lengths with a 10" reveal.
